The Toy Dolls, She Goes To Finos

Every night I know that she goes to Finos, And every night I know that she see's him Every night She holds him tight at Finos And everynight It's alright for him...

And she goes... La la la la la la la to Finos Yes she goes... la la la la la la la la with him, And she goes... La la la la la la la la to Finos Yes she goes... la la la la la la la... with him!

Every night I try to get into Finos And every night They just won't let me in, And everynight I watch him meet her at Finos And every night It's alright for him...

And she goes... La la la la la la la to Finos Yes she goes... la la la la la la la la with him, And she goes... La la la la la la la la to Finos Yes she goes... la la la la la la la... With him!

One of these nights I'm gonna get into Finos And one of this nights I'm gonna make her see me, And every night I'm gonna get into Finos And everynight Will be alright for me...

And she goes... La la la la la la la to Finos Yes she goes... la la la la la la la la with him, And she goes... La la la la la la la la to Finos Yes she goes... la la la la la la la... With him!
