

# The Toy Dolls, The Memory Of Nobby

Makes me grin makes me laugh too  
makes me sad makes me blue  
when I remember Nobby who,  
danced a gig for me and you  
to see the smiles of Nobby's styles

\*

I weren't no football fan till he  
Dove Ken Driddley, on TV  
Mesmerized by the mastery of wee nimble Nobby  
just a dream it all seemed so far away  
the world took heed, and Nobby's team would pay

(Chorus)

Nobby, in our memory  
hear them yell and hear them call  
Nobby, in our memory  
hear them shout and hear them roar  
oooooohh, the memory, of Nobby lives on

we stayed home that day to see England vs Germany  
always in the memory, the sucker styles of Nobby  
to feel the thrills from his stills, was uncanny  
Nobby still, sends a chill through me

(Chorus)
