

# The Tragically Hip, Toronto Number 4

Did you know you were the rock plug for  
all of us  
did you know in the conduit of Vesuvius  
You were far more unifying than you know  
Im not a judge of suitable  
but, you almost had it all.  
now youll have to tell me when  
tell me when its imminent  
so you wont have to rise and fall alone  
or endure the wonder of survival  
the wipe-out loss  
the elation of free fall  
the rock bottom  
the sweet betrayal  
alone.  
alone  
alone  
alone  
hello
