

The Trews, Tired Of Waiting

I am wired and fading, looking
blind and blaming
Following and trailing words
you might be saying

Ref:

I am tired of waiting

I'm tired of waiting

I am tired

Altered expectations, long
anticipation

Everything is changing, I'm
the same and aging

I'm tired of waiting

Ref 2x

I am tired of the long way down

So I stand to let you down

here alone

I can't seem to dream of you

no more
