

# The Tubes, Feel It

(Tubes/Rundgren/Welnick)

I look at you and go mad  
Thoughts of things that I do  
If one chance I just had to show you  
what this man really wants to do  
When I'm through you would say  
It's been done never that way  
And I know you can learn  
something new every day  
And it feels so good  
If you don't think too much  
Don't even try to be serious  
Just let my hands take control  
And give me all of your soul  
You know I try to run away but I can't hide  
From the moment that's suspended deep inside  
When you were mine  
And now I need to feel it one more time  
Won't you try to feel it  
Let me try to feel it  
Won't you try to feel it  
Let me try to feel it  
Feels so good when you lean into me  
In the dark I can see  
I can feel in my mind what is reality  
Why can't you see  
things like this are meant to be  
Yet somehow once again you have thrown me aside  
But always the feeling survives  
You know I try to run away but I can't hide  
From the moment that's suspended deep inside  
When you were mine  
And now I need to feel it one more time  
Just let my hands take control  
And give me all of your soul  
You know I try to run away but I can't hide  
From the moment that's suspended deep inside  
When you were mine  
And now I need to feel it  
You know I try to run away but I can't hide  
From the moment that's suspended deep inside  
When you were mine  
And now I need to feel it one more time  
Won't you try to feel it  
Let me try to feel it
