

The Tubes, Glass House

Standing here
Stripped to the bone
Every line on my face
Is cut out of stone
I'm a man in a glass house tonight
And I only want to treat you right
I love, I love you true
I love, I love you true
You say you want to go
and find some new thrills
Hey baby you'll know
you got to climb that hill
I'm a man in a glass house tonight
And I only want to treat you right
I love, I love you true
I love, I love you true
I know that there will be better days
If we're together then it must be that way
Stay with me a little bit longer
We'll both be happy and a whole lot stronger
Our love, our love, our love
Baby, maybe we should feel the same way
Hey baby don't go
In a little more time
I'll make you know
What's good for your kind
I'm a man in a glass house tonight
And I only want to treat you right
I love, I love you true
I love, I love you true
