

# The Tubes, Love Bomb

(Tubes)

I'll be your lover  
We can discover a brave new world  
Like cupid's warrior  
I will destroy your sorrow girl  
Don't resist me  
There ain't no love defense department  
Once you kiss me  
There'll be a meltdown of your heart  
Lover, lover you don't need another  
Just duck and cover  
We detonated and then we really made it  
In the mist we faded  
Kiss, kiss, boom, boom  
Bang, zoom to the moon  
Love bomb-you are the target  
Love bomb-of my thermal romantic device  
Love bomb-I aim to get you  
Love bomb--'cause I'm deadly but I'm so nice  
Lover, lover you don't need another  
Just duck and cover  
We detonated and then we really made it  
In the mist we faded  
10, 9, 8, 7, all good lovers go to heaven  
Bombs away  
6, 5, 4, 3, 2, 1, how I learn to love the love bomb  
Kiss, kiss, boom, boom  
Kiss, kiss, boom, boom  
Kiss, kiss, boom, boom  
Bang, zoom to the moon  
Love bomb-I'll be your lover  
Love bomb-Come and discover a brave new world  
Love bomb-Like cupid's warrior  
Love bomb-I will destroy your sorrow girl  
Love bomb-Early warning  
Love bomb-You told me to strike before the dawn  
Love bomb-Atomic morning  
Love bomb-D-Day has come for the love bomb  
Lover, lover you don't need another  
Just duck and cover  
We detonated and then we really made it  
In the mist we faded  
10, 9, 8, 7, all good lovers go to heaven  
Bombs away  
6, 5, 4, 3, 2, 1, how I learn to love the love bomb
