

The Tubes, She's A Beauty

Step right up, and don't be shy
Because you will not believe your eye
She's right here, behind the glass
You're gonna like her, 'cause she's got class

You can look inside another world
You get to talk to a pretty girl
She's everything you dream about

But don't fall in love
She's a beauty
(She's one in a million girls)
She's a beauty
(Why would I lie)
Why would I lie

You can say anything you like
But you can't touch the merchandise
She'll give you every penny's worth
But it will cost you a dollar first

You can step outside your little world
(Step outside your world)
You can talk to a pretty girl
She's everything you dream about

But don't fall in love
'Cause if you do you find out
She don't love you
(She's one in a million girls)
One in a million girl
(why would I lie)
Now why would I lie, oh

Step outside your world

But don't fall in love
She's a beauty
(She's one in a million girls)
One in a million girl
(Why would I lie)
Now why would I lie

But don't fall in love
'Cause if you do you find out
She don't love you
(She's one in a million girls)
One in a million girl
(Why would I lie)
Why would I lie

But don't fall in love
She's one in a million girl
