

# The Twilight Singers, Feeling Of Gaze

Got your hair all done up  
Like a woman again  
Got a feeling of gaze  
At the doorway again  
I feel alone for you  
I feel alive with you  
I feel a sin fading  
Celebrate, celebrate  
Gonna play my favorite song  
Gonna play it all night long  
Gonna feel a sense of falling  
Gonna hush my heart so holy  
I feel alive with you  
I feel a sin fading  
Celebrate, celebrate
