

# The Twilight Singers, Get The Wheel

get the wheel  
let's go for a ride  
if you're trouble, then i'll follow you down  
last night, i saw the strangest light  
i wanna see it again  
i'm wide awake  
somebody put a  
gun in my face  
&quot;go ahead,&quot; i said  
erase  
and then we gonna  
get the wheel  
let's go for a ride  
if you're trouble, then i'll follow you down  
last night  
last night was alright  
i wanna see you again
