

# The Twins, Love Can Change It All

I just can't take it anymore  
I stay here locked behind my door  
The night's alive with sound and shadow  
But I stay in this one man ghetto  
The only light is on my mind  
I put it there to see what I'd find  
In the struggle of do or die  
There has to be a reason why.

Love can change it all  
It's something I feel  
It's something I still remember  
Love can change it all  
It's something I need  
I know we could be together.

There is no sense in the day to day  
But we accept it anyway  
In the struggle of do or die  
There has to be a reason why.

Love can change it all  
It's something I feel  
It's something I still remember  
Love can change it all  
It's something we need  
Keeping us all together.
