

The Union Underground, Drivel

Load up all your friends man, I'm tripping like a fuckhead
Bore us all again now your drivel kill pig dead
Breathe in breathe out, you little fuck
Seething so like a motherfuck
Once again man your drivel killed the pig dead
Alright

Feel so down
So, that's alright
That's alright

Come on over brother man we'll burn, try my new juice
Maybe bring another I'll break out the new noose
There's something I missed
It's not on the list
I never learn, I'm so in love with this
Once again man your drivel killed the pig dead

Feel so down (So down)
So very high
It gets you down (So down)
So, that's all
Tripping like a fuckhead

Feel so down (So down)
So that's all
Say that you never wanna get high man
There's nothing better, give it a try man
Say that you never wanna get high man
There's nothing better, give it a try man
Never learn I'm so in love with this
Never learn I'm so in love with this
Never learn I'm so in love with this
Never learn I'm so in love with this

Feels so down (So down)
And so very high
It gets your down (So down)
So that's alright
That's alright
That's alright
That's alright
That's alright
That's alright
That's alright
