

The Unseen, Stand Up And Fight

the 90's are almost over and hatred still runs deep
ignorant fucks in police suits still rule the fucking streets
the poor getting poorer while the rich stay fucking rich
equality is no where in sight if you wanna win you gotta fight

stand up and fight

what the hell are we supposed to do?
violence and despair are threatening to destory the youth
everyday on the news more murder more rape
we're living in a dying world from which there's no escape

what the hell are we supposed to do?
what the fuck are we gonna do?
living in a violent world with no hope for the youth
