

The Unseen, Victims

This world will kick you when your down
Leave you lying on the ground will you be
It's victim? The choice is really yours
People will try to intimidate,
They take advantage and manipulate,
Humanity's a vulture picking at our corpse

Oh.

Frustrated, alienated, won't be intimidated
defiant, self reliant, refuse to be silent

If you let them break you then your will is
Not your own follow your instincts,
You're not a mindless clone,
I may not have the answers and I may not know what's right
but I refuse to be a victim it's my fucking life

I refuse to be a victim and I refuse to be ashamed,
to live my life as I see fit I am free from blame
