

# The Used, With Me Tonight

The way I broke your heart very literally  
This ghost haunts me more than it should be  
I'm not gonna walk away or turn my head in shame  
I never thought it could kill me

A clean slate, one more day further away

Just let me make some time to take it back a little  
The way you smile shines the heavens above me  
Never going to let you go, I want you all the time  
I gotta prove you can trust me

I want you, You don't want me  
My mistake for wasting yours and mine  
I want you but will you stay with me today

I need you, you don't need me  
When you are low, I am not okay  
I want you but will you stay with me today?
