

# THE VAMPS, GOLDEN

I've been fixed too many times  
Always feel a little black and white inside  
I'm tired enough and after a while  
I told myself that I would get it right this time  
When you walk in through the door  
I couldn't want you more  
When you let your hair down, hair down  
So tell me what to say  
I wanna play your game  
Here we go again now

The way you moving got me losing it  
Don't you know that you are golden, golden  
No matter where we go  
You keep me on my toes  
Don't you know that you are golden, golden

So I might just change some tracks  
The disc you made my heart and there's no turning back  
We're close enough, close enough to touch  
I guess you like my sight when I'm not giving up  
You helped me come to one  
Don't do drinking now I'm done  
Now I am locked down, locked down  
We're playing cat and mouse  
I tried to work you out  
No I don't get you

The way you moving got me losing it  
Don't you know that you are golden, golden  
No matter where we go  
You keep me on my toes  
Don't you know that you are golden, golden

No I don't think you know how lovely you are  
Get out of my head  
Keep doing what you do cause I'm a fool for you  
Don't you know that you are golden, golden

I don't know what you're running from where you're heading to no  
No I don't know what you're running from where you're heading to no

The way you moving got me losing it  
Don't you know that you are golden, golden  
No matter where we go  
You keep me on my toes  
Don't you know that you are golden, golden

No I don't think you know how lovely you are  
Get out of my head  
Keep doing what you do cause I'm a fool for you  
Don't you know that you are golden, golden
