

# THE VAMPS, JACK

Jack when we were younger we hung out  
We were inseparable  
But now Jack you stole my thunder  
Like my girl became my nemesis

He might be Mr. Popularity but  
I wouldn't wanna change a thing about me  
Uh oh oh don't take this as jealousy,  
Just cause you're with him and not me

He drinks Daniels at the bar,  
Drives his daddy's jaguar.  
Rocking clothes with Wills on the tag  
Girl he's all up on your face  
Wanna put him in his place  
But right now I'd rather be Jack  
Saying look can't you see  
He's a dick compared to me  
You should know he ain't really all that  
I still need you in my world  
But he's got you as his girl  
And that's why I'd rather be Jack

I can't delete his story,  
Wipe your smile from my memory,  
And forget you ever crushed me  
By sleeping with the enemy

I think he's just another wannabe, so  
I wouldn't wanna change a single thing about me  
Oh Oh, you need to take this personally, cause  
You're with him and not me

He drinks Daniels at the bar,  
Drives his daddy's jaguar.  
Rocking clothes with Wills on the tag  
Girl he's all up on your face  
Wanna put him in his place  
But right now I'd rather be Jack  
Saying look can't you see  
He's a dick compared to me  
You should know he ain't really all that  
I still need you in my world  
But he's got you as his girl  
And that's why I'd rather be Jack

So when you get tired of the same old lines, same old faces, places,  
There's always somewhere you can run  
Pretty soon you will work it out  
And I will be right here waiting,  
Right here waiting 'cause

Jack, Jack is not the right guy for,  
Jack, Jack is not the right guy for you  
Jack, Jack is not the right guy for you [2x]

He drinks Daniels at the bar,  
Drives his daddy's jaguar.  
Rocking clothes with Wills on the tag  
Girl he's all up on your face  
Wanna put him in his place  
But right now I'd rather be Jack  
Saying look can't you see  
He's a dick compared to me

You should know he ain't really all that  
I still need you in my world  
But he's got you as his girl  
And that's why I'd rather be Jack
