

# The Veronicas, The Life of the Party (ft. Allday)

Everybody wants to be the life of the party  
But i just want to find someone  
find someone

you used to be the life of the party  
we were smoking loud like a Harley  
you qwere playing games like Atari  
You're not Ashton Kutcher so don't punk me

I was driving mad  
And smashed the rental  
Old problems that we always have to wrestle  
Being stone cold to me  
Never gentle  
But i still hang up  
When my ex calls

Its only retrograde  
Just let it be for a while  
Some people they wanna be seen  
But i could leave in the night  
All these wolves in sheep's clothing  
You don't see till they bite  
All these sheep try to tell me  
Whet to speak in the mic

We'll have big coats liek the Rolling Stones  
Somewhere in the country we can call our own  
My mums always told me that the good ones go  
When the lights come on and you're all alone

When the lights come on and you're all alone  
When the lights come on and you're all alone  
My mums always told me that the good ones go  
When the lights come on and you're all alone

Everybody wants to be the life of the party  
But i just want to find someone  
find someone  
When the lights come on and you're all alone  
Everybody wants to be the life of the party  
But i just want to find someone  
find someone  
When the lights come on and you're all alone
