The Verve, Chic Dub

You knew your body was strong You didn't give me your love Give me your love

When you wasn't sure Did it come? When it returns When it returns

Ah - big cheer to the beat Ah - big cheer to the beat

When you return Baby give me some love When you return When you return

Ooh, Ah-ah Ooh, Ah-ah

Stood out the same Couldn't see no man I could see the stars I could see the stars

I said now, give me your love Give me your love Give me your love

You knew your body was strong You didn't give me your love Give me your love

When you wasn't sure Did it come? When it returns When it returns

Ah, ooh-ooh Ah-ah, ooh Ah-ah
