

The Verve, Columbo

Baby why are you wasting time crying
Like its the only thing to do?
Baby don't you worry, you're still crying
Your instincts all it's got, I knew

Baby don't you worry, you're still crying
I can see the sadness in your eye
Baby why are you wasting time crying
Trying to find out the reasons why?

Baby don't believe it when they say it
Love is just a feeling that you give
You're the universe and you're all I need
Tell me all the secrets that I forget

Ooh-yeah-yeah, ooh-yeah-yeah, yeah-yeah
All right, ooh yeah, all right

Just watch the lights go down over this town
Watch it ten feet down, whilst we learn
Watch the city boys leave, full of bluster
Oh where are we now?
Take it easy, for you must keep digging, yourself's only star
We don't know, we don't know (oh yeah)
We don't know, we don't know (oh yeah)
We don't know, we don't know
we don't know, we don't know (a-ha)

Fame, a celebrity cocksuck, flash light, flash light
Fame, bullet proof bathroom
Inside, fixing up
Fame, a sealing-up number one
Vacuum, a vacuum
Fame, miracle accent,
Inside, start it up
Shoot it up, shoot it up, shoot it up, shoot your gun
Fame, the vanity minstrel
Fame, the mirror of the wet dream
And I love you, and I'm feeling that accent
Dying on the inside, I'm dying on the inside
Love's like oxygen
Love's like oxygen
Love's like oxygen
Love's like oxygen
Love's like oxygen
