

# The Verve, Slide Away

So take your time  
I wonder if you're here just to use my mind  
Don't take it slow  
You know I've got a place to go  
You always do that  
Something I'm not sure of  
But just for today  
Let go and slide away

I was thinking maybe we could go outside  
Let the night sky cool your foolish pride  
Don't you feel alive  
These are your times and our highs

So take your time  
I wonder which cup you'll drink from  
I hope it's mine  
Beause you always do that something  
Something I'm not sure of  
But just for today  
Let go and slide away away  
'Cause I read your mind  
I need it because it takes me where I can't find  
Because you always do that something  
Something I'm not sure of  
But just for today  
Let go and burn away

I was thinking maybe we could go outside  
Let the night sky cool your foolish pride  
Don't you feel alive  
These are your times and our highs

Slide Away burn away  
Slide Away burn away  
I read your mind  
I read your mind  
'Cause it takes me to where I can't find...
