

The Verve, The Rolling People

Big shout out

I got one more life
Can you see it, I'm wasting away?
But I got a plan
Oh, do you understand?

The drugstore wife
I was feeling sober than otherwise
I won't shake no hands
'Cause death has no fans

Here we are the rolling people
Can't stay for long
We gotta go

So come alive with the rolling people
Don't ask why
We just know

I'm on a big jet plane
With my briefcase crammed in my veins
I'll be the first to toast
To my rotten soul

But here we are the rolling people
Don't ask why
We don't know

So come alive with the rolling people
Don't ask why
We just know now
Yeah

Tell me if you know which way I'm going to
The lights are right and I am feeling blue
I hope you know which way I'm going to fly
Thank you for my life
I said good night, good-bye

You see me going

Here we are the rolling people
Can't stay for long
We gotta go

So come alive with the rolling people
Don't ask why
We don't know now
Yeah

Rolling on and on and on and on, ooh
You know I'm burning up, and up, and up, and up, and up, and up, and up, and up, yeah
Yeah
It doesn't look that bad, I can see my dad
Yeah, it doesn't look that bad, oh, it doesn't look that bad

Oh, gonna take you home now, I'm gonna take you home now
Gonna take you home now, gonna take you home now

Gonna take you home now, we're gonna take you home now now now
We're gonna take you home now now, we're gonna take you home now now now

We're gonna take you home now, we're gonna take you home now

We're gonna take you home now, we're gonna take you home now

We're gonna take you home now, we're gonna take you home now

We're gonna take you home now, we're gonna take you home now
