

The Verve, Valium Skies

Can you keep yourself on for good
Seems like the whole world is losing
How do you stop yourself up
Even if seems like the whole world is crying

Aaaah Ooooooh
Aaaah Ooooooh
She got all I need
The air I breath
When it comes to my valium skies
She don't mind if I cry

How do you stop your love from crying
Even if you knew she was lying
How do you stop this world from loathing
Still no knocking with all these cards I'm holding

Aaaah Ooooooh
Aaaah Ooooooh
She got all I need
The air I breath
When it comes to my valium skies
She don't mind if I cry

She don't mind if I cry
She don't mind if I cry

Aaaah Ooooooh
Aaaah Ooooooh
She got all I need
The air I breath
When it comes to my valium skies
She don't mind if I cry

When it comes to my valium skies
She don't mind if I cry
