

# The W's, Hit 'Em Where It Hurts

I found a way to hit those suckers where it hurts  
And I know, wo, oh, it's gonna hurt for a while  
They don't play by my terms  
so I'm gonna sit back and watch 'em squirm

Cause I made the call  
Now they'll take the fall  
And by golly gonna get 'em good

No mistakes are allowed here  
That minor human trait has got to go  
As for me and my authority  
I got the right to judge can't you see

I found a way to hit those suckers where it hurts  
And I know, wo, oh, it's gonna hurt for a while  
They don't play by my terms  
so I'm gonna sit back and watch 'em squirm

Cause I made the call  
Now they'll take the fall  
And by golly gonna get 'em good

{whistling}

Don't give a darn about your future  
Forgive and forget is for the birds (ha ha ha)  
I want to see a perfect mold like me  
Then the world would be so happy

I found a way to hit those suckers where it hurts  
And I know, wo, oh, it's gonna hurt for a while  
They don't play by my terms  
so I'm gonna sit back and watch 'em squirm

Cause I made the call  
Now they'll take the fall  
And by golly gonna get 'em good

I found a way to hit those suckers where it hurts  
And I know, wo, oh, it's gonna hurt for a while  
They don't play by my terms  
so I'm gonna sit back and watch 'em squirm

Cause I made the call  
Now they'll take the fall  
And by golly gonna get 'em good
