

# The Wallflowers, The Difference

One, two boys by the river  
Down by the water  
Tellin' riddles in the dark  
With fireflies under the moonlight  
Carvin' the insides of a tree with a knife  
Ever hear the one about the boy's big sister  
His best friend come along  
He tried to kiss her

[Chorus:]  
The only difference  
That I see  
Is you are exactly the same  
As you used to be

One boy lives in a tower  
With bow and arrow  
And the artificial heart  
With his girl  
Miad of dishoner  
He loaded the cannon  
With a jealous appetite  
They say that children now  
They come in all ages  
And maybe sometimes old men die  
With little boy faces

[chorus]  
[repeat]

You always said that you needed some  
But you always had more, more than anyone

[chorus]  
[repeat]
