

The War on Drugs, Red Eyes

Come and see
Where are we, this everything
On my knees
Beat it down to get to my soul
Against my way
Anyone can tell it's you coming
Baby, you're on my mind
Leave it on a lie, leave it your way

Come and ride away,
It's easier to stick to the earth
Surrounded by the night
Surrounded by the night, and you don't grow old
But you abuse my faith
Losing every time but I don't know where
You're on my side again
So ride the key wherever it goes
I'll be the one, I can't, whoo!

You are all I've got, away
Running in the dark I come to my soul
You can see it through the dark, it's coming my way
Well we won't get lost inside again

Oh no, no season I can wait
Made of time, made of wool, I can't
Don't think they would mind against
I will keep you here, but I can't

Oh, I'll talk to you if I can
I'll see you where I go

Seen the darkness coming for me
