

The Waterboys, Anatomy Of A Love Affair

You got me cheap, wherein I was wounded
back in the days of woe
You got me cheap, wherein I was wounded
back in the days of woe

I then deceived us, I then deceived us,
I then deceived us both
You used your lure then sex and affection
to train me like a beast

I left the money be, I left the money be,
I left the money behind
I left the money be, I left the money be
I left the money behind
