The Weeknd, Alone Again

Take off my disguise I'm living someone else's life Suppressing who I was inside So I throw 2,000 □ ones □ n the sky Together □ we're alone (Together we're alone) In Vegas □ feel so at home (In Vegas I feel so □ at □ home) I'm □ falling only for □ the night So I □ throw 2,000 ones in the sky (The sky) How much to light up my star again And rewire all my thoughts? Oh. baby won't you remind me what I am? And break, break my little cold heart

Call me up and I'll send for you Take me down to your altitude I don't know if I can be alone again I don't know if I can sleep alone again

Check my pulse for a second time I took too much, I don't wanna die I don't know if I can be alone again I don't know if I can sleep alone again

Count it up, it's all for you, count it up Count it up, it's all for you, count it up I don't know if I can be alone again I don't know if I can be alone again
