

The Weeknd, Hurt You

and now i know relationship's my enemy
so stay away from me
I'm warning you
you try to fill the void with every man you meet
cause you're upset with me
I'm warning you

cause all the nights you slept alone drying your eyes
and all the nights you thought about thinking your life
cause if it' love you want again
don't waste tour time
but if you call me up
I'm fucking you on sight
I don't wanna hurt you
I don't wanna hurt you
I don't wanna hurt you
I don't wanna hurt you

when you're with himn
you clise your eyes
and think of me
just call me up again
I'll make you weak
girl, I'll come to put myself between your lips
not between your heart
can't you see?

cause all the nights you slept alone drying your eyes
and all the nights you thought about thinking your life
cause if it' love you want again
don't waste tour time
but if you call me up
I'm fucking you on sight
I don't wanna hurt you
I don't wanna hurt you
I don't wanna hurt you
I don't wanna hurt you

I don't want
I don't want I don't want I don't want
