The Weeknd, Too Late

I let you down, I led you on
I never thought I'd be here without you
Don't let me drown
Inside your arms
Bad thoughts inside my mind
When the darkness comes, you're my light, baby
My light, baby
My light when it's dark, yeah
I'm too high, baby
Too high, baby
'Cause I know right now that I lost it (Hey)

It's way too late
To save our souls, babe, yeah (Oh-oh, oh-oh, yeah)
It's way too late
We're on our own (Baby, on my own)
I made mistakes
I did you wrong, babe, yeah (Oh-oh, oh-oh, yeah)
It's way too late to save my, my

I can't trust (I can't trust) where I live (Where I live) anymore (Anymore, anymore, anymore)
Sources say (Sources say) that we're done (That we're done), how would they know? (They know,
We're in Hell, it's disguised as a paradise with flashing lights
I just wanna believe there's so much more (Hey, ooh, hey, hey)

It's way too late
To save our souls, baby (Oh-oh, oh-oh, yeah)
It's way too late
We're on our own (Baby, on my own)
I made mistakes
I did you wrong, baby (Oh-oh, oh-oh, yeah)
It's way too late to save my, my

Ah ooh, I tell myself I should get over you
I said ooh, I know I'd rather be all over you
Trying, trying, but I, I just want your body
Riding slow on top of me, yeah, on top of me
I want you, babe, oh-ooh-oh

It's way too late (Too late) to save our souls, babe (Souls, baby)
(Oh, oh, yeah) (Oh, oh)
It's way too late, we're on our own (Ooh yeah, ooh yeah, ooh yeah) (Baby, on my own)
I made mistakes (Mistakes), I did you wrong, baby (Oh, oh, yeah)
It's way too late to save my, my
