

The White Stripes, Little Acorns

Take all your problems
And rip 'em apart

Carry them off
In a shopping cart

And another thing
You should've known from the start
The problems in hand
Are lighter than at heart

Be like the squirrel, girl
Be like the squirrel
Give it a whirl, girl
Be like the squirrel

And another thing
You have to know in this world
Cut up your hair
Straighten your curls

Well, your problems
Hide in your curls
