The White Stripes, You're Pretty Good Looking

Oh yeah you're pretty good looking for a girl but your back is so broken and this feeling's still gonna linger on until the year 2525 now

yeah you're pretty good looking for a girl your eyes are wide open and your thoughts have been stolen by the boys who took you out and bought you everything you want now

yeah you're pretty good looking oh yeah you're pretty good looking yes you're pretty good looking oh yeah for a girl

lots of people in this world but I want to be your boy to me that thought is sounding so absurd and I don't wanna be your toy cause you're pretty good looking for a girl my future's wide open but this feeling's still gonna linger on until I know everything I need to know now

yeah you're pretty good looking oh yeah you're pretty good looking yes you're pretty good looking oh yeah for a girl
