

# The White Tie Affair, Candle 'Sick And Tired'

I took a ride on a February morning,  
Just getting over it and dealing with the mourning,  
I started thinking out loud: I'm so sick and tired of being sick and tired,  
My baby's flying off the edge of the road,  
She's saying, &quot;I'm so sorry about that note&quot;;  
That left me all alone,  
But I'm so sick and tired of being sick and tired

Somebody turn the lights on,  
Somebody tell me what's wrong,  
I'd be lying if I told you,  
Losing you was something I could handle,  
Somebody turn the lights on,  
Somebody tell me how long,  
All this darkness will surround you,  
Cuz I'm burning for you,  
Burning like a candle

Seven days since I've seen your face,  
Seven nights I have laid to waste,  
I'm burning out now,  
I'm sick and tired of being sick and tired,  
I know we're hanging at the end of the road,  
We've flown too high, make a swarm too low,  
I heard a screaming out loud,  
I heard a screaming out loud

Somebody turn the lights on,  
Somebody tell me what's wrong,  
I'd be lying if I told you,  
Losing you was something I could handle,  
Somebody turn the lights on,  
Somebody tell me how long,  
All this darkness will surround you,  
Cuz I'm burning for you,  
Burning like a candle

Think,  
All the things that you say,  
What are the things that you mean,  
What are the things that you say to me,  
Cuz your tradgedy,  
A queen for his majesty,  
All these plans for me,  
Your kingdom is crumbling,  
You're a tradgedy,  
A queen for his majesty,  
All these plans for me,  
Your kingdom is crumbling,

Somebody turn the lights on,  
Somebody tell me what's wrong,  
I'd be lying if I told you,  
Losing you was something I could handle,  
Somebody turn the lights on,  
Somebody tell me how long,  
All this darkness will surround you,  
Cuz I'm burning for you,  
Burning like a candle

Burning for you,  
Burning like a candle,  
Burning for you,  
Burning like a candle
