

The White Tie Affair, Take It Home

Come on baby take it home
people are starting to stare
and they're turning off all of the lights
we've been putting on a show all ni-i-i-ight
boys will be boys
take it home take it home
cause i can't take anymore
it's your touch it's your taste
it's your dress on the floor
take it home take it home
cause i've been waiting all night
for you
and this is what i'm gonna do
ice ice melt your heart
baby girl the time you've got
rush rush for that touch
just one taste can't get enough (x2)
baby put your key in the door
cause this party's getting way to loud
and the neighbors can't take anymore
and they're so for you
let's give them an encore
boys will be boys
take it home take it home
cause i can't take anymore
it's your touch it's your taste
it's your dress on the floor
take it home take it home
cause i've been waiting all night
for you
and this is what i'm gonna do
ice ice melt your heart
baby girl the time you've got
rush rush for that touch
just one taste can't get enough (x2)
get a room, and they say
what to do, them anyway
over there, anywhere
doesn't matter cause your here
ice ice melt your heart
baby girl the time you've got
rush rush for that touch
just one taste can't get enough (x2)
take it home take it home
cause i can't take anymore
it's your touch it's your taste
it's your dress on the floor
take it home take it home
cause i've been waiting all night
for you
and this is what i'm gonna do
ice ice melt your heart
baby girl the time you've got
rush rush for that touch
just one taste can't get enough (x2)
just one taste can't get enough
take it home take it home
cause i can't take anymore
it's your touch it's your taste
it's your dress on the floor

cause i've been waiting all night
for you
