

# The Who, Motoring

I say hey hey everybody come on let's go for a ride, motorvating,  
Yeah grab your baby and pull her right by your side, motorvating,  
Go around to Main Street and go on right over to here, motorvating,  
Yeah we're gonna have a lot of fun,  
So turn your motor on yeah and let it run,  
Motorvating, yeah motorvating.

Yeah put two hands on the wheel like a real good driver should, motorvating,  
Get out your door and make sure that you check your hood, motorvating,  
Be sure you don't drive too fast,  
You don't want it to be your last, motorvating,  
Yeah we gonna motor all night long,  
And when it starts to rain turn your wipers on,  
Motorvating, yeah motorvating.

You turn your motor on and rev it up fast,  
Put it in gear yeah and step on the gas, motorvating,  
Yeah motorvating, I said I said hey hey hey everybody,  
Come on let's go for a ride, motorvating,  
Yeah grab your baby and pull her right by your side, motorvating,  
Yeah yeah we're gonna motor all night long,  
And when it starts to rain turn your wipers on, motorvating,  
Yeah motorvating, yeah yeah yeah, I said yeah yeah, motorvating.
