

The Wilkinsons, Jimmy's Got A Girlfriend

(Richie McDonald/Anthony Smith/Ron Harbin)

He's all dressed up
Buying flowers for the first time
His pick-up's polished
Shining like a new dime
There ain't no doubt he's got a secret
Ain't no way he's gonna keep it
Listen how the whole town's talking
There all sayin' & - - - -

Jimmy's got a girlfriend
We all know where he's been
Hugging and a kissing
Oh Jimmy's got a girlfriend

He's all tore up
From her lovin' and affection
And a boy's night out
These days is just out of the question
They say he's out there and they don't get it
But that's just love and that boy's in it
Cupid's arrow's done been shot
He didn't duck now

Jimmy's got a girlfriend
We all know where he's been
Hugging and a kissing
Oh Jimmy's got a girlfriend

Lovestruck
Starry eyed
No if's or maybe's
That boy's gone girl crazy
Girl crazy, crazy

Jimmy's got a girlfriend
We all know where he's been
He's been hugging and a kissing
Oh Jimmy's got a girlfriend

They say he's out there and they don't get it
Jimmy's got a girlfriend
Hey that's love, oh sweet love
Jimmy's got a girlfriend
He's got the girl, he's got the girl
Jimmy's got a girlfriend
