

# The Youngbloods, All My Dreams Blue

The time has come now for me to leave you  
To stop my foolish hanging on  
To yesterday's dream of tomorrow's true love  
The shadow cast by children's new love  
There is no time for tears or talking  
There is no time for you  
No time for you  
Time has painted all my dreams blue  
Pieces falling all around you  
Around you around you around you

The doorstep of your heart is cluttered  
With broken dreams and pieces of the  
World we once lived in a world for dreamers  
A world of warm words sparkling colors  
That shone to keep us through days of wishing  
And nights of coming true  
Coming true  
Time has painted all my dreams blue  
Pieces falling all around you  
Around you around you around you

The place is empty my eyes are red now  
But hopelessness is not forgotten  
Days of living and nights of dying  
Streets of talking rooms of crying  
Where is the end to all this sadness  
Where is the end of you  
The end of you  
Time has painted all my dreams blue  
Pieces falling all around you  
Around you around you around you  
Around you around you around you
