

The Zombies, I Want Her She Wants Me

I close my eyes and soon I'm feeling sleepy
I sleep so easy
There's nothing on my mind
And life seems kind now
I want her she wants me

I walk downtown and as I look around me
All around me
The people smile at me
It's plain to see that
I want her she wants me

She told me to be careful if I loved her (ooh)
'Cause she had given her heart once before

And now she knows she doesn't have to worry
I would not make her sorry
There's nothing on my mind
And life seems kind now
I want her she wants me

She told me to be careful if I loved her (ooh)
'Cause she had given her heart once before

And now she knows she doesn't have to worry
I would not make her sorry
There's nothing on my mind
And life seems kind now

I want her she wants me (repeats till fade out)
