

Theatres des Vampires, Tenebra Dentro

Mater sospirorum, mater lacrimarum, mater tenebrarum, mater inferorum.

In the darkness I fall... Solitude and despair

Condemned to wander every night

While the people sleeps (while the people sleeps),

I rise from my bier (I rise from my bier)

And begins my life,

My life of a vampire

Tenebra dentro

In the darkness I live,

Misanthropic existence,

Condemned to live forever.

While the people loves (while the people loves),

I remember my bride (I remember my bride)

But I can't cry for my despair.

Tenebra dentro

I wish your neck, I wish your mouth, I wish your blood

I wish, I wish, I wish you

While the people sleeps (While the people sleeps),

I rise from my bier (I rise from my bier)

And begins my life,

My life of a vampire.

Tenebra dentro

Mater inferorum, mater sospirorum.

While the people loves

I remember my bride

But I can't cry for my despair

While the people sleeps (mater inferorum),

I rise from my bier

And begins my life

My life of a vampire
