

# Theophilus London, Wine And Chocolates

It's time to live it up, oh  
You get sent the fine wine deliverables and chocolate candles  
It's time to live it up, oh  
Horse and carrots, ride round the riddler and rock chinchillas  
Girl I ain't going nowhere, sit here and play cops and robbers down by the moonlight  
Sunrise it's time to go, grab your phone take some pictures  
Love in modern time

If we just go for a ride  
Speed of light ignoring the signs  
I'll race you to St. Harvest Way
