

Therapy?, Limbo

Thunder and lightning are ready to drop
I'm here, waiting for the whole thing to stop
And wash away this stagnant skin on me
On the eve of my release

She's dreaming fairy tales all the time
She'll kill me, 'cos she's so loud all the time
Wash away this stagnant skin on me
On the eve of my release

Limbo

I'm stuck here, waiting for the whole thing to stop
And wash away this stagnant skin on me
On the eve of my release
