

Therapy?, Unrequited

Don't wake me
I'm so empty

I, I, I tried
I'm sorry

I've seen you without me
I've seen you without me

You can say what you want

I've seen you without me
I've seen you without me
I've seen you without me (I know that you'll understand)
I've seen you without me (I know that you'll understand)
