

They Might Be Giants, Dirt Bike

Here comes the dirt bike
Beware of the dirt bike
Because I hear they're coming to our town
They've got plans for everyone
And now I hear they're over their sophomore jinx, so you had better check it out

All hail the dirt bike
Philosopher dirt bike
Silence as we gathered round
We saw the word and were on our way
Now it's

Brain washing dirt bike
Ground shaking dirt bike
Mind bending dirt bike
In control

Soul crushing dirt bike
Self propelled dirt bike
You see I never thought I'd understand
'Til that bike took me by the hand
Now I ride
Ride
Ride
