

# They Might Be Giants, It's Kickin' In

It's kickin' in, yeah! It's kickin' in, yeah!  
It's kickin' in, yeah! Yeah! Yeah! Yeah! Yeah!

Shocked awake in the middle of the day  
In a fight over shadows of the night  
And you wonder why the talk is so bold  
When it's boring and the story's so old

Panic call to her best friend on the phone  
Won't sit down but she just can't sit alone  
Hard to justify a party band  
To somebody with no party plans

Stop to appreciate it  
Let's hear the boyfriends say it

It's kickin' in, yeah! It's kickin' in, yeah!  
It's kickin' in, yeah! Yeah! Yeah! Yeah! Yeah!

Going good up until we shut 'em down  
Bum a ride to the other side of town  
In a restaurant with so much class  
If we'd stop laughing we could almost pass

The disaffected waitress  
In some fake foreign accent:  
[fake words]
