

They Might Be Giants, Lazyhead And Sleepybones

Lazy Head and Sleepy Bones

Always disagree

Though everybody says they should be friends

They're too tired to see

When Sleepy Bones says he's feeling tired

Lazy Head wants to rest

When Lazy Head says it's "number one";

Sleepy Bones says it's "best";

When Lazy Head uses imagination

Sleepy Bones daydreams

Sleepy Bones says, "It's not what it looks like";

And Lazy Head says, "It's not what it seems";

Lazy Head and Sleepy Bones

Always disagree

Though everybody says they should be friends

They're too tired to see

When Lazy Head says somebody's "skinny";

Sleepy Bones says "thin";

When Sleepy Bones says "identical";

Lazy Head says "twin";

When Lazy Head says the window is "closed";

Sleepy Bones says it's "shut";

When Sleepy Bones says that something "isn't";

Lazy Head says, "It's not";

Lazy Head and Sleepy Bones

Both take naps so long

And even though they should be friends

They can't get along

Lazy Head and Sleepy Bones

Always disagree

Though everybody says they should be friends

They're too tired to see
