

# They Might Be Giants, Purple Toupee

I remember the year I went to camp  
I heard about some lady named Selma and some blacks  
Somebody put their fingers in the President's ears  
It wasn't too much later they came out with Johnson's wax  
I remember the book depository where they crowned the king of Cuba  
Now that's all I can think of, but I'm sure there's something else  
Way down inside me I can feel it coming back

Purple toupee will show the way when summer brings you down  
(Purple toupee when summer brings you down)  
Purple toupee and gold lame will turn your brain around  
(Purple toupee and gold lame)

Chinese people were fighting in the park  
We tried to help them fight, no one appreciated that  
Martin X was mad when they outlawed bell bottoms  
Ten years later they were sharing the same cell  
I shouted out, "Free the Expo '67"  
Till they stepped on my hair, and they told me I was fat  
Now I'm very big, I'm a big important man  
And the only thing that's different is underneath my hat

Purple toupee will show the way when summer brings you down  
(Purple toupee when summer brings you down)  
Purple toupee and gold lame will turn your brain around  
(Purple toupee and gold lame)

Purple toupee is here to stay after the hair has gone away  
The purple brigade is marching from the grave

We're on some kind of mission  
We have an obligation  
We have to wear toupees
