

# They Might Be Giants, Snail Shell

Sir hand  
Or is it ma'am  
I fell out of my right place again  
And you  
Considered me  
And now I'm where a snail has to be

I want to thank you for putting me back in my snail shell  
I want to thank you for putting me back in my snail shell

Was it something you would do for anybody?  
Was it what you'd only do for me?  
I need to know because you see  
I want to thank you for putting me back in my snail shell

Friend  
Look what you gave  
And how can you ever be repaid?  
How may I give you a hand  
From the position at your feet where I stand?

So let me thank you for putting me back in my snail shell  
I'd like to thank you for putting me back in my snail shell

Was it something you would do for anybody?  
Was it what you'd only do for me?  
I need to know because you see  
I want to thank you for putting me back in my snail shell

Snail Shell  
Thank you  
Snail Shell  
Thank you

Ah  
Ah  
Ah

Was it something you would do for anybody?  
Was it what you'd only do for me?  
Or was it something where you acted when you saw the need  
And knew that there would be a way the act could be repaid  
And so it may, but for today  
I want to thank you for putting me back in my snail shell
