

# They Might Be Giants, The Writings On The Wall

Half the boy and nothing else  
Put me in the driver's seat  
I wanna make promises I can't keep  
Half the boy and nothing else  
You were once my sole desire  
You could've built me up, but you made me lie to you  
You never took me serious  
And my heart betrayed my every word  
Now love's not only for the curious  
You said the writing's on the wall  
Well, I should know 'cause I wrote it all

Half the boy and nothing else  
Put me in that driver's seat  
I wanna make promises I can't keep  
Half the boy and nothing else  
I wish that I could land in jail  
I wish that you could set my bail for me  
You always took me serious  
And my heart conveyed my every word  
Now love is only for the curious  
I said the writing's on the wall  
But you should know 'cause you wrote it all

Half the boy and nothing else  
Put me in the driver's seat  
I wanna make promises I can't keep
