

Thicke, Can U Believe

Nothing can make you high
Or put fire in your eyes
Or give you a chance to fly
When you need the wings
When all that youve got is doubt
And nothing can stop you from feeling down
But oh I know, I know exactly how you feel

But can you believe now
When youre on your knees now
Begging and pleading now
Can you believe
When all that youve got is doubt
And no one to pull you out
When your heart is slowin down
Can you believe

See the person I love the most
Is so far away tonight
And no other medicine or promise is
Gonna heal me up right
But I got to believe
That her and me
Will be together
Cause thats all I got
And Oh, I know
When youre down at the bottom
Can you believe

Can you believe when all hope seems gone
When your mother and father cant keep you safe from harm
Can you forgive in your heart
Can you ask for forgiveness
When nobody else believes can you believe
Can you believe in yourself

If nobodys watchin
You will never know
If somebodys watchin
You will never know
If nobodys watchin
You will never know
If somebodys watchin
You will never know
If nobodys watchin
You will never know
If somebodys watchin
You will never know
