

Thicke, Would That Make U Love Me

If I wasn't who I was
If I wasn't me
Would u stand next 2 me in the street
If I changed my hair
Would u then be proud
If I ran round town with a different crowd
Would u be my baby
If I had more money
Would that make u love me more
Would that make u love me more

If I practiced a different religion
If I spoke my words differently
If I changed my tune 2 your favorite song
Would u wrap your arms around me
If I dug down deep 2 the bottom
Would u love me unconditionally
If I sound like u and we laugh the same
Would u mind if I hang around
Would that make u love me more
Would that make u love me more

If I came 2 u from a different place
Would my message finally be heard
If it's just me and u and there's no one else
Would u see how much we're the same
Would u be my lover
If I'm a different color
Would u be my brother
Would that make u love me more
